## CONSPIRACY CHARGED

Gilchrist Stewart Avers Brownsville  
People Wanted Negro Troops

## TAKEN FROM PLACE

Says on the Night of the Rioting  
All but Three Men Were In  
Barracks and Firing Was  
From Mixed Arms.

El Reno, Okla., Nov. 27.—Gilchrist  
Stewart, a negro, who has been at Fort  
Reno the past two days securing data  
to be placed in evidence before Presi-  
dent Roosevelt in the matter of the  
discharged negro soldiers of the Twen-  
ty-fifth infantry, said:

"The substance of my investigation,  
supported by over 100 affidavits from  
the members and non-commissioned  
officers of the companies and from  
statements of officers of companies,  
amounts to this: First, that citizens  
did not want negro soldiers at Brown-  
sville, Tex.; second, this feeling became  
so intense on the very night in ques-  
tion that Major Penrose issued an or-  
der and sent out patrols through the  
town that all men should be in by 8  
o'clock whether on pass or not, and  
Captain Mackin, officer of the day, re-  
ported all men in except three on  
pass; third, the firing that night was  
from mixed arms. All inspectors sent  
out from the war department started  
out with the assumption that there  
was a conspiracy among the men to  
keep back the truth and shoot up the  
town. They never made any investi-  
gation as to the real facts. From in-  
vestigation there was undoubtedly a  
conspiracy to make a case against the  
soldiers and get them out of town.

"Six sergeants of long service and  
in whom the commissioned officers  
have implicit confidence are going to  
Washington with me to act as wit-  
nesses before President Roosevelt."

## THOUGHT SAME MAN.

Believed to Be the Party Imprisoned  
at Fort Leavenworth.

Kansas City, Nov. 27.—The man  
who at Marshall, Mo., confessed that  
he robbed an Alton-Burlington train  
near Glasgow, Mo., on Sunday night,  
and who gave his name as Claude  
Randall, and Claude Rumsey, who  
was released from the United States  
military prison at Fort Leavenworth  
Nov. 3, after serving a sentence for  
desertion from the army, would seem  
beyond question to be one and the  
same man. Descriptions of both men  
tally in every particular according to  
prison record. Major Young, at For-  
Leavenworth, said that during Run-  
sey's incarceration in the military  
prison it was necessary frequently to  
administer punishment for misconduct.  
He was considered a desperate man.

The man admits his name is Claude  
Rumsey and that he also robbed the  
Rock Island train. He lives at Chi-  
cago, where his brother and two sis-  
ters reside.

## PANAMA MESSAGE.

President Will Send a Special One to  
Congress, With Recommendations.

Washington, Nov. 27.—The presi-  
dent will send a special message to  
congress dealing with Panama about  
a week after the national legislature  
convenes. It will deal with every  
phase of the question and give a  
graphic and detailed description of  
conditions on the isthmus as the  
president found them. There will be  
recommendations for betterment of  
conditions.

## BLANKS IN DEMAND.

Thousands of These Have Been Writ-  
ten For to Oklahoma Land Office.

Lawton, Okla., Nov. 27.—It is esti-  
mated by the officials of the United  
States land office here that 200,000  
personal and letter applications for  
literature and bidding blanks concern-  
ing the sale of the Kiowa-Comanche  
Indian pasture lands near here will be  
filled before the closing of bids Sat-  
urday, Dec. 8, at 4 o'clock, by the land  
office and the substations at Ana-  
darko, Hobart and Frederick. To date  
35,000 inquiries have been answered  
by the land office here alone.

## SUBSTANTIAL RAISE.

Wages of Iron Mountain Employees to  
Be Increased Dec. 1.

Little Rock, Nov. 27.—The manage-  
ment of the Iron Mountain railway  
has prepared an order to be issued at  
once increasing wages paid yardmen  
on the system 4 cents per hour. This  
means nearly \$45,000 per year in-  
crease. Yardmen made no demands  
on the company. This action was  
taken voluntarily and will take effect  
Dec. 1. No cause is given for the  
move. The increase amounts to about  
2 1/2 per cent.

## RETURN FROM TRIP.

President Roosevelt and Party Are  
Back at Washington.

## HAD SEVEN THOUSAND

Mile Journey, and Only Fatal Ac-  
cident Was the Drowning of a  
Boatswain's Mate in the  
Potomac River.

Washington, Nov. 27.—Completing  
a remarkable trip to Panama during  
which he traveled 7,000 by sea and vis-  
ited not only the isthmus, but Porto  
Rico as well, voicing his thorough en-  
joyment, President Roosevelt returned  
to Washington at 10:40 o'clock Mon-  
day night. The trip up the Potomac  
river was on the converted yacht May-  
flower, to which he and his party were  
transferred from the Louisiana at  
Piney Point.

As the Mayflower pulled into the  
dock at the rear of the office of the  
commandant at the navy yard, Miss  
Ethel Roosevelt, the president's  
daughter, and Miss Hager, Mrs. Roose-  
velt's secretary, were waiting to greet  
the party. Miss Roosevelt immedi-  
ately rushed on board as soon as the  
gang plank was laid, and affection-  
ately greeted her father and mother.  
There were also at the dock to wel-  
come the president, Captain McCoy of  
the United States army and Lieuten-  
ant Commander Key of the marine  
corps, the president's aides, and the  
commandant and other officials of the  
navy yard, and the Uruguayan charge  
d'affaires. The president landed with-  
in ten minutes after arrival of the  
Mayflower. To those who met him  
he stated that he had had a delightful  
trip, and that he was feeling fine.

President and Mrs. Roosevelt reach-  
ed the white house shortly after 11  
o'clock. As the president alighted  
from his carriage he shook hands with  
all the attaches and others waiting on  
the portico. Speaking of his trip, the  
president said:

"We had a very enjoyable time,  
and I am deeply impressed with the  
United States navy, with Panama and  
with Porto Rico."

The Panama canal, it was stated by  
the president, would be a subject of  
a special message, and consequently  
on that subject the president said  
nothing at this time.

Pedro Roquena Bermudez, charge  
d'affaires of Uruguay, was the only  
member of the diplomatic corps who  
greeted the president upon his arrival.  
At the front entrance to the navy yard  
Senor Bermudez was delayed by the  
marine guard, who refused to admit  
him without the consent of the com-  
mandant. After being delayed for  
twenty minutes he was admitted, and  
when the president appeared on the  
deck of the Mayflower the diplomat  
was the first to rush up the gang  
plank. He protested to the president  
against the manner in which he had  
been treated by the marine guard.

While the yacht Oneida was pro-  
ceeding up the Potomac river to greet  
the presidential party a gasoline boat  
in tow capsized and Melvin Cleveland,  
nineteen years old, boatswain's mate,  
was drowned.

## COMMISSIONERS ASKED.

Are to Secure Evidence With Thaw on  
Night He Killed White.

New York, Nov. 27.—Clifford W.  
Hartridge of counsel for Harry K.  
Thaw, notified District Attorney Je-  
rome Monday that on Friday applica-  
tion would be made by the defense for  
two commissioners, to be appointed  
by the supreme court, to obtain evi-  
dence from two men who were with  
Thaw on the night he shot Stanford  
White at the Madison Square Roof  
Garden theater, and who are out of  
the local court's jurisdiction, and  
therefore cannot be subpoenaed. The  
men mentioned in the petition are F.  
Beal, now in Bakersfield, Cal., and  
Thomas Max Valeb, now in Chicago.

The petition states that these two  
men dined with Thaw and the latter's  
wife on the night of the shooting, and  
later accompanied them to the roof  
garden. The petition states further  
that these two witnesses are of vital  
importance to the defense, and that  
it would be an injustice to bring the  
case to trial without their testimony.

## DRIVEN OUT BY FIRE.

Twenty-Four Families Hurriedly Va-  
cate a New York Tenement.

New York, Nov. 27.—Twenty-four  
families were driven out of a tenement  
house in Norfolk street by a fire which  
started in the kitchen of one of the  
apartments, and was extinguished af-  
ter an hour of hard work by the fire-  
men. Two public schools are situated  
in the vicinity, one directly across  
the street from the fire. In both of  
these the teachers took the precau-  
tion to lower every window shade look-  
ing towards the burning flat. They  
also closed the gates against excited  
mothers who tried to get into the  
school building, and the discipline of  
the schools kept classes going on as  
usual.

## CARNEGIE'S SHOES.

They Are Made by Students of the Institute at Tuskegee, Ala.

New York, Nov. 27.—Andrew Carnegie, according to Booker T. Washington, who spoke Sunday night at the Universalist Church of the Divine Paternity, buys his shoes at Tuskegee, Ala., where they are made by negro students.

The speaker said the students in the past year made 2,000,000 brick. There are, he said, more than 1,500 students, representing thirty-six states and twelve foreign countries.

The value of the institute property, he said, is now \$800,000. It has an endowment of \$1,500,000 for the material increase of which there is an active campaign on hand.

"We are changing the ideal of the black race," declared Washington. "We are teaching them that labor is honorable and that idleness is not. And they are recognizing it, too."

"We have graduated 6,000 students, and they are for the most part sober, industrious, useful men and women."

Dubose is charged with misappropriation of the bank's funds in amounts approximating about \$40,000. He was a stockholder in the bank to an amount of \$40,000, and it is said Dubose made good the losses by turning over his stock. It is stated that his losses resulted from cotton speculation. The court recessed until Tuesday to allow the attorneys for the prosecution time to read the indictment.

The western heiress who lost  
three prospective husbands on ac-  
count of untimely deaths need not  
become alarmed provided she has  
the money yet.

John Sharp Williams says the  
scattering of the negroes through-  
out all sections of the country will  
bring about the solution of the race  
problem, and that after a little more  
experience other sections will be  
glad to listen to the advice of the  
South.

If you would increase your hap-  
piness and prolong your life, for-  
get your neighbor's faults. Forget  
all the slander you have heard.  
Forget the fault-finding and give  
little thought to the cause which  
provoked it. Forget the peculiari-  
ties of your friends and only re-  
member the good points which  
made you fond of them. Forget all  
quarrels or histories you may have  
heard by accident, and which if re-  
peated would seem a thousand  
times worse than they are. Oblit-  
erate everything terrible from your  
yesterday; start out with a clean  
sheet today and write upon it for  
sweet memory's sake only those  
things which are lovely and lovable.  
Thus you will make life better

College Station, Tex., Nov. 25 —  
Prof. Nathan Powell, college chap-

not inclined to let either language  
or theology absorb all his time and  
attention. He is a lover of good  
horses, and has recently purchased  
one of the finest stallions ever seen  
on the college grounds. The horse  
is German Hanoverian and Olden-  
burgh coach horse Fernando No.  
3703, with a pedigree as long as  
the best of them. The stock was  
established in 1592, and is the old-  
est strain of purebred horses in the  
world. The stock is noted for size,  
action, speed, quality and fixidness  
of type. Fernando's sire, Freiherr

prize for excellence by the German  
Government, and also won second  
place in the great horse show at

ner and very popular with a large  
circle of friends. Mr. Lee has re-  
sided in Bryan for a number of

plary character and habits, and by

who was a daughter of Mr. H. G.

place yesterday afternoon.

## FAULTY DIGESTION.

Quickly Shatters the Nervous System.  
Should be Given Attention at Once.

If the sufferer with weak nerves only  
realized that a faulty digestion was the  
chief cause of nerve exhaustion, a cure  
would be much easier, for he would then  
strengthen the digestive organs with Mi-  
ona stomach tablets.

A few days use of these tablets will tone  
and strengthen the digestive system so that  
it will absorb all the elements of nerve  
force from the daily food, and the nerves  
will be strengthened, sleeplessness will be  
overcome, weakness will vanish, and the  
various functions of the body will become  
natural and regular.

If you have specks before the eyes, are  
sleepless, have nervous twitchings, head-  
aches and backaches, if there is nausea or  
distress after eating, if the appetite is poor  
and there is general debility and weakness,  
begin the use of Mi-o-na at once, and you  
will soon notice a marked improvement in  
health. It will give strength and vigor to  
the whole digestive system, restore the  
vital force and nerve energy, and impart  
ambition, strength and good spirits to the  
discouraged, rundown and weak.

You run no risk whatever in buying Mi-  
o-na, for E. J. Jenkins gives an absolute  
guarantee with every 50-cent box that the  
money will be refunded unless Mi-o-na  
does all that is claimed for it.

## POSTED! POSTED!

Notice is hereby given that I will allow  
no hunting in my pasture southwest of

### BIG LAND DEAL.

Chas. S. Gainer Has Purchased the Porter Place Near Mudville—Consideration \$30,000.00 Cash.

Mr. Charles S. Gainer of this city has purchased the Porter place near Mudville, and situated between the Little Brazos and the Brazos rivers, for a consideration of \$30,000.00 cash, and has taken charge of the property. This farm is considered one of the finest in the Brazos bottom and has 1650 acres in cultivation and nine artesian wells. Ample water is afforded for irrigation. The farm includes a total of 1860 acres, with nearly two-hundred acres of pasture and wood-lands. It is amongst the highest land in the bottom, and was only partly covered by the 1899 flood. The land produced a bale and a quarter of cotton per acre on an average this year.

### OUR AGRICULTURAL EXHIBIT.

According to the San Antonio Express and other informants, the crowds at the International fair were astonished to see an agricultural exhibit from Brewster county, and one too that, so far as it went, was among the best. If they only knew that it was collected in a few days and that if the effort had been made in time better specimens of nearly everything sent could have been secured, and as great a variety of products could have been included as can be found in any county in the state, their wonder would change to admiration. Next year, if all goes well, Brewster county is going after all the blue ribbons in sight. If Brazos, Gonzales or any other old county wins first prize for a county exhibit they will have to hump themselves.—Alpine Avalanche.

## CONTINUANCE ASKED.

Motion For That Purpose Made by Counsel For Defendant Company.

Austin, Nov. 27.—Attorneys for Waters-Pierce Oil company offered motion for continuance until next term of court before Judge Brooks Tuesday morning.

The motion for continuance was made by Judge R. L. Penn of defendant's counsel, predicated upon claim that amended petition of plaintiff was so voluminous and contained so many new allegations that defendant's counsel would be unable in less than one to prepare an amended answer, and contained several new causes of action which would require considerable investigation before they could be properly defended and would make it impossible for the defense to proceed at this term of court. Judge Penn argued that while it might be contended that some of the new matters pleaded would go to make up cause of action citing alleged illegal rebate agreements with Eagle Refining company, Texas Oil and Gasoline company and Roy Campbell company, which are introduced by the state in amended petition for this reason, said Judge Penn, the defense could not and would not be ready to proceed with the trial of the case at this term of court, and would ask continuance until next term of court, which begins on the first Monday in March, 1907.

Judge George Clark of defendant's counsel, also argued briefly for the continuance. Said Judge Clark: "Here we have a similar instance with absolutely no time to prepare an answer to those allegations, and if the state recovers judgment that judgment may rest upon one or more of these local transactions. We are confronted at this late date with allegations of more than twenty violations of the law and each one of them must be met and answered. It is not unreasonable in view of the tremendous consequences involved to say that we are not prepared."

Judge R. L. Batts of special counsel for the state, replied to the argument of the defense for a continuance. With reference to connection of H. C. Pierce with readmission of the Waters-Pierce Oil company into the state he said that the amended petition alleged that an agreement had been effected between the Standard Oil company and Waters-Pierce Oil company to restore H. C. Pierce to the presidency of the latter company, from which he had been removed by other parties, and direct him to proceed to Texas to use his influence to seek to secure the readmission of the Waters-Pierce Oil company into the state to do business, and that Mr. Pierce had proceeded to the state of Texas and had employed lawyers to assist in getting the old suits against the company settled and had expended money in the employment of such counsel and that the money so expended had been paid by the reorganized Waters-Pierce Oil company, the present defendant.

Judge Brooks said that he would allow the defense until 9:30 o'clock Wednesday morning to prepare its answer to the amended petition.

## LARGE ATTENDANCE.

Matter of Texas Central Bond Cancellation Taken Up.

Austin, Nov. 27.—The railroad commission met Tuesday with a large attendance and heavy docket. The first proposition taken up was the proposed order requiring the Texas Central railroad to cancel issue of \$650,000 of its bonds on account of not being approved by the railroad commission. These bonds are part of the issue of \$2,145,000 which were issued under mortgage dated April 1, 1893.

P. W. Campbell of Dallas, attorney for the company, said that a detailed statement concerning the history of the bonds had been filed with the commission. He contended that the bonds were issued upon rights guaranteed under mortgage. It was the main condition upon which the sale of the road was made. The agreement was entered into before passage of stock and bond law. Judge Campbell contended that it was not within the power of the legislature or the commission to make any law taking away any rights that had been previously acquired.

Judge T. S. Miller, general attorney of the Katy, requested the commission to postpone Pullman case for ten days, as lawyers arguing injunction suits before the Federal court also wanted to prepare some testimony. The commission refused to grant the request, also a request for postponement until Thursday.

Former Representative R. A. Greer of Beaumont, representing large oil interests, is here. He said the oil people were satisfied with the Kennedy law taxing oil companies and no effort will be made to change the law by the next legislature.

## UNBORN BABY.

Sensational Evidence Offered In Grace Brown Murder Case.

Herkimer, N. Y., Nov. 27.—When court opened Tuesday in the case of Chester Gillette, charged with the murder of Miss Grace Brown, the testimony of medical experts on Monday that deceased had been clubbed to death before she fell from the boat into the lake served to attract immense attendance. Over 1,000 persons

GRACE BROWN.

could not get into the courtroom. It will be several days before the jury gets the case.

A sensation was created in the courtroom Tuesday when the prosecution offered in evidence an unborn child taken from the body of Grace Brown at the autopsy. District Attorney Ward offered it as exhibit No. 99 and met with immediate objection from the defense.

"It has no bearing on the case and is offered as a means of making the people's case spectacular," said Mr. Thomas, counsel for Gillette. "If I were sure there would be no denial from the defense that such condition existed I would exclude it," said the court.

Mr. Thomas assured him the girl's pregnant condition would not be disputed. "I would like to exhibit the girl's entire body here," said Mr. Ward. "I have the right to take it from its grave if I want to and bring it here."

The exhibit was admitted. Dr. Douglas, who occupied the witness stand, swearing he assisted in its removal from the body found in Big Moose lake.

## HELD RESPONSIBLE.

Mrs. DeMassey Must Answer For Murder of Gustave Simon.

New York, Nov. 27.—A coroner's jury returned a verdict holding Mrs. Anisia Louise de Massey responsible for the death of Gustave Simon, a shirt manufacturer. Simon was shot and fatally wounded last week in his factory on Broadway.

Mrs. de Massey, who had been employed by Simon as a designer, was arrested, charged with having fired the shots. She has persistently denied her guilt. Witnesses before the coroner's jury testified, however, that just before his death Simon identified Mrs. de Massey as his assailant.

Mrs. de Massey read the verdict of the coroner's jury. As she got up to be led back to her cell in the tombs she shook hands with several people in the courtroom, and said: "I'll take care of myself when I am across the street. They'll never get me."

He was one of the most prominent men of the state, and his sudden death will be learned with regret by his friends over Texas.
